**Total Bond Market:** This is a Bank of America broad-based fixed-income [index](#) used by bond traders, mutual funds, and ETFs as a benchmark to measure relative performance.

**Citi Surprise Index:** Index which measures the degree to which economic data is either beating or missing expectations.

**Consumer Price Index (CPI):** The Consumer Price Index is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services.

**Consumer Confidence Index:** The Consumer Confidence Index is a survey, administered by [The Conference Board](#), that measures how optimistic or pessimistic consumers are regarding their expected financial situation.

**Fed Funds Rate:** The term federal funds rate refers to the target interest rate set by the [Federal Open Market Committee](#). This target is the rate at which commercial banks borrow and lend their excess reserves to each other overnight.

**GDP:** Measure that represents the value of all goods and services produced over a specific time period within a country's borders.

**ISM:** The ISM Manufacturing Index, also known as the Purchasing Managers' Index (PMI), is a monthly indicator of U.S. economic activity based on a survey of purchasing managers at more than 300 manufacturing firms.

The ISM Non-Manufacturing (Services) Index is an economic index based on surveys of more than 400 non-manufacturing (or services) firms' purchasing and supply executives.

**Leading Economic Indicators:** The Leading Economic Index (LEI), is an index published monthly by [The Conference Board](#). It is used to predict the direction of economic movements in future months. The index is composed of 10 economic components whose changes tend to precede changes in the overall economy.

**MOM:** Month-over-month

**MSCI Equity Indices:** The MSCI All Country World ex-US Index is a free float-adjusted market capitalization index that is designed to measure equity market performance in the global developed and emerging markets, excluding the U.S. The index consists of 49 developed and emerging market countries.

The MSCI USA Large Cap Index is designed to measure the performance of the large cap segments of the U.S. market. With 293 constituents, the index covers approximately 70% of the free float-adjusted market capitalization in the U.S.

The MSCI USA Mid Cap Index is designed to measure the performance of the mid cap segments of the U.S. market. With 332 constituents, the index covers approximately 15% of the free float-adjusted market capitalization in the U.S.

The MSCI USA Small Cap Index is designed to measure the performance of the small cap segment of the US equity market. With 1,856 constituents, the index represents approximately 14% of the free float-adjusted market capitalization in the U.S.

The MSCI USA All Cap Index captures broad U.S. equity coverage. The index includes 3,552 constituents across large, mid, small, and micro capitalizations, representing about 99% of the U.S. equity universe.

The MSCI USA Growth Index captures large and mid-cap securities exhibiting overall growth style characteristics in the U.S. The growth investment style characteristics for index construction are defined using five variables: long-term forward EPS growth rate, short-term forward EPS growth rate, current internal growth rate and long-term historical EPS growth trend and long-term historical sales per share growth trend.

The MSCI USA Value Index captures large and mid-cap U.S. securities exhibiting overall value style characteristics. The value investment style characteristics for index construction are defined using three variables: book value to price, 12-month forward earnings to price, and dividend yield.

**Standard & Poor's 500 Index (S&P 500):** The S&P 500 Index, or Standard & Poor's 500 Index, is a [market-capitalization-weighted index](#) of 500 leading publicly traded companies in the U.S.

**VIX:** A real-time market index representing the equity market's expectations for volatility over the coming 30 days.

**YOY:** Year-over-year
